发展规划

Future Strategy

1. 5年内实现高温合金，铜合金等特殊材质铸造，并同步建设二期工程项目。
2. 10年内完成1万吨精砂铸一体的不锈钢铸造厂，实现年营业额7亿元。

1. Realize the casting of special materials such as high-temperature alloys and copper alloys within 5 years , and simultaneously construct the second phase project.
2. Complete a stainless steel foundry integrating 10,000 tons of investment and sand casting within 10 years, achieving the annual turnover of 700 million RMB.
